Agrinoble

The future of agrinnovation

Abstract:

Agrinoble (AGN), the flexible multilingual digital solution and social media for all farmers and agricultural experts, it was founded back in 2020, and the AGN token is built to ensure that owners and platform users can participate in many of platform activities such (posts, votes, marketplace, sell and buy items) and many other operations through our social media.

Agrinoble is mainly used by farmers, agricultural companies, salespeople and agricultural experts to provide them with better insurance and transactions for their goods, as well as security and peace of mind in their businesses.

The future of agrinnovation

1 - Introduction :

The use of crypto-currencies has become more widespread, and they are now increasingly accepted as a legitimate currency for transactions. Agrinoble Token (AGN) is an Agricultural Token which is used like other assets in exchange for goods and services. Send, receive, and exchange Agrinoble Token (AGN) instantly with anyone in the world. Securely buy and sell Agrinoble Token (AGN) alongside your already safely stored cryptocurrency.

a the flexible multilingual digital solution and social media for all farmers and agricultural experts, it was founded back in 2020, and the AGN token is built to ensure that owners and platform users can participate in many of platform activities such (posts, votes, marketplace, sell and buy items) and many other operations through our social media.

2-Utility:

Because of this, those who hold this token is eligible to connect each other in decentralized peer-to-peer chat system.

We believe that the utility of decentralizing the messaging system is essential in this kind of business and in particular in agriculture,

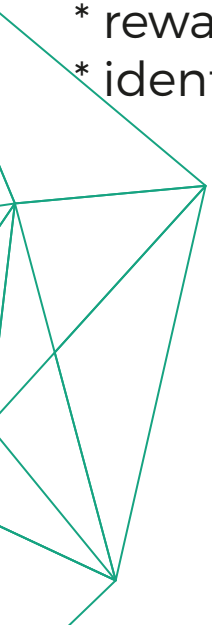

which can ensure both the transparency and the confidentiality of our users and our dear farmers.

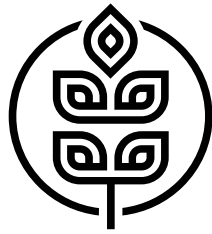

Agrinoble is mainly used by farmers, agricultural companies, salespeople and agricultural experts to provide them with better insurance and transactions for their goods, as well as security and peace of mind in their businesses.

Used for:

The AGN token will be is used for:

- * local currency between farmers and sellers and resellers.
- * payment and purchase of items.
- * rewards on the platform.
- * identification of a holder using agrinoble platform.
